

CX4 Video Cameras

Built for Flexibility. Designed for Integration.

The First Alert® CX4 Video Cameras offers professional-grade video security tailored to the demands of modern businesses. An ultra high-resolution sensor, delivers video with exceptional clarity and intelligent event detection identifies people, vehicles, animals, and packages—minimizing false alerts so you can focus on what truly matters. With three options to choose from, there's a CX4 camera that fits your space, style, and security needs. It's the intelligent, reliable solution your business can count on.

- Capture every detail with clarity from license plate numbers to faces with an ultra HD 8MP sensor
- Reduces unnecessary notifications and interruptions with intelligent event detection
- 24/7 on-camera live and recorded video with event-based cloud storage allowing you to securely store video footage
- Manage your business at anytime from anywhere with the Resideo Total Connect® 2.0 web and app experience
- Intrusion and video in one app – integrate CX4 cameras with other security solutions to access intrusion and video in the same app

CX4 Video Cameras

Features and Benefits

High Resolution 8MP camera with Wide Dynamic Range

Provides crystal clear, vibrant and detailed footage for live and recorded video

Intelligent Event Detection

Detects people, packages, vehicles and animals reducing unnecessary notifications and interruptions

Edge-Based Recording

Record 24/7 with storage of up to 1TB on-camera via a MicroSDXC card* so you never miss anything important

Cloud-Based Event Storage

Video and audio event clips stored in the cloud ensuring secure storage even if the cameras are tampered with

IR Night Vision

Wide angle views and IR night vision for complete awareness day or night

Supports Unified Security Solutions

Unify video and security in the Total Connect 2.0® app with ProSeries AIO or VISTA® H3 panels, supported by flexible video storage plans

**MicroSDXC card not included*

Video Event Filtering and Timeline Scrubber

Event-based filtering directs you to the specific video clip and the timeline scrubber lets you jump to a key moment in the video clip

Versatile options with modern designs

Three different camera options to choose from that best fit your space, style, and security needs

Extreme Temperature Resilience

Operates in temperatures ranging from [-22°F to 140°F] or [-30°C to 60°C] ensuring reliable performance in any climate

Stay connected and in control – anytime, anywhere.

Total Connect® 2.0 web and app experience provides a connected business solution with video and intrusion monitoring in one unified experience. Remotely manage your property, view real-time video, event-based video clips, scrub timelines, filter events and get on-demand video clips. Stream up to 12 CX4 cameras on the web or view individual streams on mobile. Everything you need for smarter business security, right at your fingertips.

Total Connect 2.0 App for Business Owners
